

Duck Head Splitting Machine

The duckhead splits.

Product code	146
Specification code	1461
Primary category	Poultry Farming Equipment
Secondary category	Poultry House Equipment

This duck-head splitting machine is designed for routine use in processing and slaughter areas. Its practical structure is intended for reliable day-to-day operation.

Features

- Material: stainless steel.
- Corrosion-resistant construction is suited to humid livestock environments.
- Purpose-built structure for routine use as a duck-head splitting machine.
- Simple construction supports convenient installation, operation and maintenance.

Advantages

- Improves day-to-day operating efficiency.
- Reduces manual workload and repetitive handling.
- Supports efficient day-to-day livestock management.
- Practical construction simplifies routine operation and maintenance.

Description

Suitable for routine use in processing and slaughter areas. Check the product, installation points and connecting components before use. Operate according to the selected model and farm procedure, clean the equipment regularly, and replace worn parts when necessary.
